Layout of Cross with a Cross Block:

The easiest method of piecing this block without piecing y-seams is to follow the diagram below and piece the block in 5 Sections...(which includes 4 Outer Triangle Sections and one Center Section). Then sew those 4 Outer Triangle Sections to the Center Section!

Let's get started...

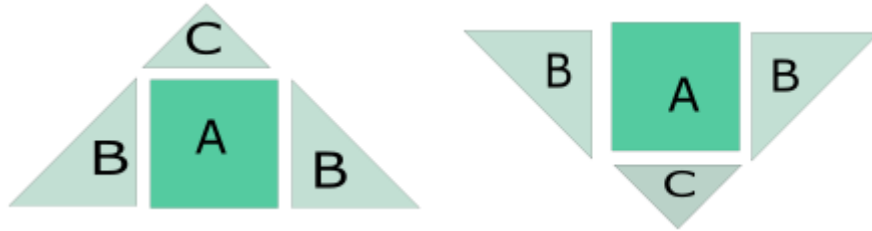

Directions:

1. Sew (2) Lt B templates to (1) Dark A template to create one Triangle section. Repeat this step to create a total of (4) Outer Triangle sections.

2. To begin constructing the Center Section of the block, create (2) triangle sections as shown here.

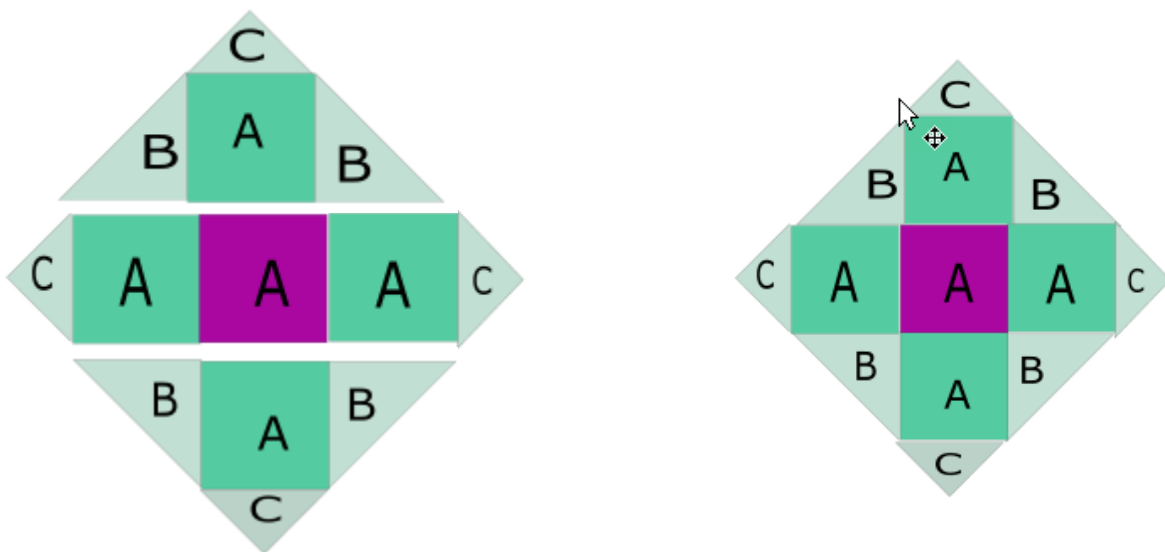

- a. Sew (2) Lt Templates B's to a Medium Template A. After pressing the seams to the darker side, sew a Lt Template C to the top of the B/A/B unit. Repeat this for the second triangle section (as shown here).

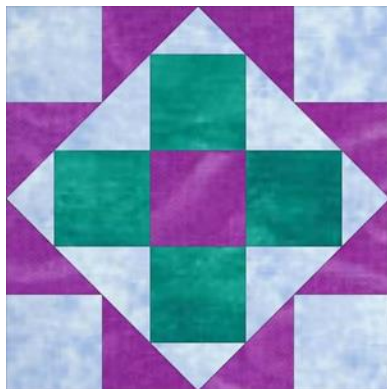

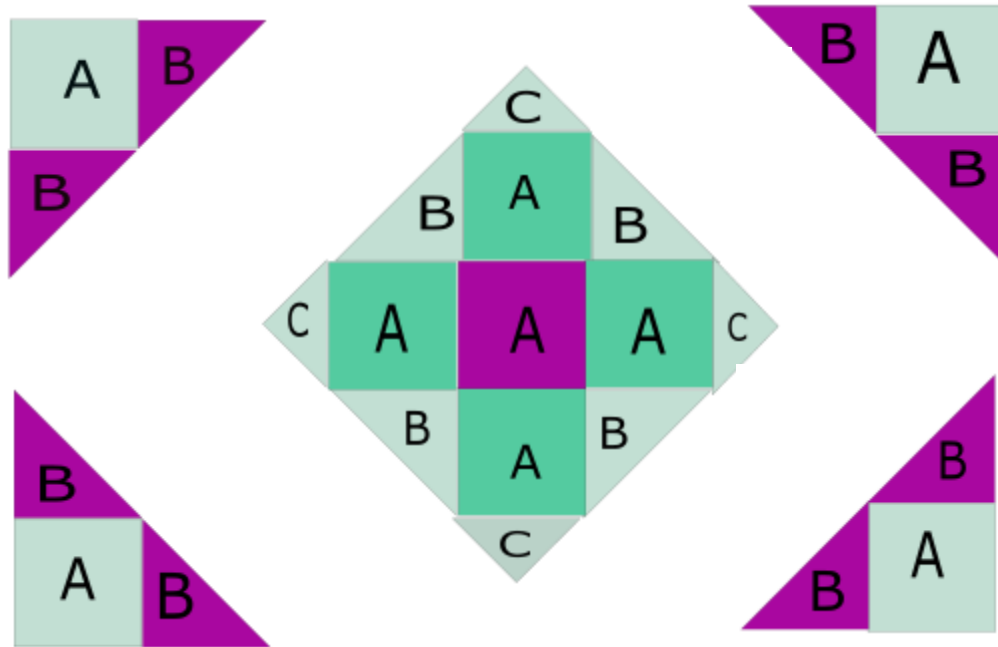

3. Next, sew a Medium A Template to each side of a Dk A Template. Then sew a Lt C Template to each end of this unit.

4. Sew the B/A/B/C triangle units to the top and bottom of the C/A/A/A/D unit to create the Center Section of the block.

5. Now, sew the (4) outer Triangle units to the Center Section Unit to complete the Cross With a Cross Block!

Your Cross with a Cross Block is now complete.
