Winter Sewing!

"Snowman" table runner; © Designs by Lori Dickman

Now that Christmas is behind us, we can get to some fun sewing that is just for US! Creating this adorable Snowman table runner is one way to do that. It can be used to brighten up your dining room table all through the dreary month of January! The pattern is available in my online store [CLICK HERE](#).

You can also purchase the pattern and the corresponding Fabric Kit at Lucky Quilt Company in Pecatonica, Illinois. [Click Here](#) for the shop's website.

Announcing 2022 Quilt BOM: *Lotus in Bloom*

Here is a **sneak peek** of my upcoming 2022 Quilt BOM (Block of the Month): **Lotus in Bloom!**

In the next 10 days or so, you will receive an email with additional details & "kit" information! This Quilt BOM is an 8-month series. You'll receive 2 block patterns each month.

You can begin the BOM at **ANY** time! Once you register for the class, you will automatically receive the next BOM in the series every 30 days. The center 4 squares are applique Lotus Blossoms. However, you will **also** receive an alternative pieced block pattern ("Lotus in a Basket") that you can use for the center of the quilt... you decide which Block to use!

And, of course, you can use **YOUR SCRAPS!** For the quilt pictured here, I used Batik scraps. The registration link will be out on my [online shop](#) soon!

New in 2022

This month marks the retirement from my 29-year long position as Administrative Secretary at my church. Although I may not be an actual “staff member” any longer, I will still enjoy serving in various areas in the church. However, my retirement does allow me to be able to add some new and exciting things to my QWL business!

Online QWL Classes for YOU!

In 2022, I will be offering online Classes which correspond to current and new patterns - ©Designs by Lori Dickman.

I'm so excited to get these classes up and running on my website! Once you register for a class, you will receive the class Pattern and a Password that you'll use to access the online Video class on my website. You can watch the class as often as you like as you go through the class course to create your quilt! Even if it takes you a number of months to get through your quilt class (we know how life has unusual interruptions to our schedules, right?), your class will be on my website, waiting for you to work through at **your** convenience.

So, keep an eye on my [online Shop](#) and your inbox as you'll be receiving notification emails as classes get posted!

I look forward to quilting with all of you in 2022! *Lori Dickman*
