#### Fabric scraps to pull from your stash:

Total 2.5” squares needed for **EACH** block: (12) Red (Mediums); (12) Green (Darks); (12) Cream (Lights)

Being sure to sew the Cream-colored (light) blocks on the “right side” of each of the 9-patch units (as shown in diagram below) create **FOUR** 9-patch units using the following squares:

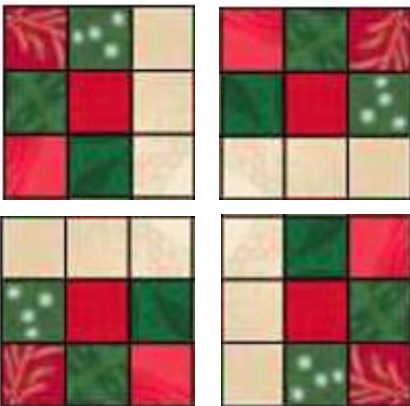

- (3) Red 2.5” squares
- (3) Green 2.5” squares
- (3) Cream 2.5” squares

Square up each of the 9-patch units to 6.5” x 6.5”.

Next, sew the 9-patch units together into a “4-patch Block”, rotating each 9-patch unit to create the pattern shown in diagram below: ([Watch Video tutorial for additional instruction.](#))

Once your block is sewn together, square it up to 12.5”.

You can either add this block to your **52-Week Series of Scrappy Blocks** to create a Sampler quilt, or you can make more of this great block and create a Christmas Quilt for your Holiday Décor!
