Scrappy Spirals

Quilt Dimensions: 40" x 40"

Using 5" & 3" squares for Blocks ('Finished' Block size 4.5")

1" inside/outside borders

3" center border)

USE ANY size squares from your stash!

For this block, you may use any size scrappy squares you have in your stash...for example:

With 5" squares, use a 3" square for snowballing.

With 6" squares, use a 4" square for snowballing.

With 7" squares, use a 5" square for snowballing.

With 8" squares, use 6" square for snowballing.

With 9" squares, use a 7" square for snowballing.

With 10" squares, use an 8" square for snowballing.

NOTE: 'Finished' block sizes (sewn in the quilt) will end up $\frac{1}{2}$ " smaller than the larger square being used. (i.e. Using 5" larger square, you will end up with a 'finished' block sewn in the quilt at 4.5")
